ABOUT ME

I am currently pursuing a BCA and have basic knowledge of HTML, CSS, Bootstrap, and C programming. Along with my studies, I am learning Full Stack Development as an internship skill from Red & White Multimedia Education. I am a quick learner, hardworking, and interested in web development and technology. I am looking forward to improving my skills and building a successful career in the IT field.

PROJECTS

Time Craft – Watch E-Commerce Website

Developed a watch e-commerce website using PHP and MySQL. The website allows users to browse watch products, add products to the cart, and manage product data through a database.
